Adding Valerie on here. Valerie do you think this is doable?

Hi Diana,

In a recent conversation with the Lizard Hotel (631 S Spring) developers, the idea came up of relocating their required 18 bicycle parking spots outside of their footprint. The developers said they are happy to donate a bicycle parking corral (even a much larger one than their plans require) for public use if it could be located just outside of their property, such as across the street.

Could this design be worked into the Spring Street reconfiguration?
